Professional Experience

Customer Service & Back Office Agent

September 2022 - April 2026

H&M Group, Barcelona

- Delivered multichannel customer support across social media (Facebook, Instagram, and X), managing membership inquiries, order issues, and escalations at scale.
- Operated as a Systems Specialist using SAP and CRM tools to ensure order traceability, user profile accuracy, and data integrity across the customer journey.
- Processed and tracked technical incidents through ServiceNow, acting as a coordination hub between IT, logistics, warehouse, and store network departments.
- Designed and implemented workload methodologies to prioritize critical tasks, improving team operational efficiency and response times.
- Developed internal user guides and training documentation to standardize incident resolution and onboard new team members on internal tools.

Customer Service Agent

January 2022–August 2022

Guess, Barcelona

- Provided personalized multichannel support (chat, email, and phone) for Portuguese and English-speaking European markets.
- Resolved complex customer issues involving logistics, returns, and account management with a focus on first-contact resolution.
- Played a key role in the eCommerce launch for the Portuguese market, translating and localizing website content to ensure a seamless customer experience.

Assistant Manager

May 2017–November 2021

La Cava, Ibiza

- Managed daily operations including inventory control, supplier orders, and staff scheduling for a premium hospitality venue.
- Led onboarding and training of new staff, ensuring consistent service standards across the team.
- Oversaw quality control for kitchen and bar operations, maintaining high service standards during peak season.

Visual Merchandiser

February 2013–April 2017

H&M, Barcelona

- Executed window display design and product placement across women's, men's, kid's, and home departments in line with corporate guidelines.

- Analyzed sales KPIs to develop action plans that promoted underperforming products and maximized profitability by department.
- Trained and supervised new visual merchandising talent, presenting seasonal kick-offs to align team objectives with commercial strategy.
